

## Mercury Systems Receives \$20.5M Integrated Subsystem Order from US Navy

September 17, 2018

ANDOVER, Mass., Sept. 17, 2018 (GLOBE NEWSWIRE) -- Mercury Systems, Inc. (NASDAQ: MRCY, [www.mrcy.com](http://www.mrcy.com)) announced that it received a \$20.5 million follow-on order against a previously announced \$152 million 5-year sole source basic ordering agreement (BOA) to deliver integrated subsystems to the U.S. Navy in support of both Navy and Air Force training environments. The order was received in the Company's fiscal 2018 fourth quarter and is expected to be shipped over the next several quarters. In total, Mercury received orders of \$28.9M in the Company's fiscal 2018 fourth quarter against this BOA, with follow-on orders anticipated to continue through the life of the agreement.

"We are honored to support this critical military program with our SWaP-optimized subsystems that reliably operate in harsh and hostile environments," said Brian Perry, President, Mercury Defense Systems. "The U.S. Navy and Air Force can confidently select Mercury Systems to ensure the warfighter gains confidence in their ability to be prepared for their role in the battlespace against sophisticated threats."

### Forward-Looking Safe Harbor Statement

This press release contains certain forward-looking statements, as that term is defined in the Private Securities Litigation Reform Act of 1995, including those relating to fiscal 2019 business performance and beyond and the Company's plans for growth and improvement in profitability and cash flow. You can identify these statements by the use of the words "may," "will," "could," "should," "would," "plans," "expects," "anticipates," "continue," "estimate," "project," "intend," "likely," "forecast," "probable," "potential," and similar expressions. These forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those projected or anticipated. Such risks and uncertainties include, but are not limited to, continued funding of defense programs, the timing and amounts of such funding, general economic and business conditions, including unforeseen weakness in the Company's markets, effects of any U.S. Federal government shutdown or extended continuing resolution, effects of continued geopolitical unrest and regional conflicts, competition, changes in technology and methods of marketing, delays in completing engineering and manufacturing programs, changes in customer order patterns, changes in product mix, continued success in technological advances and delivering technological innovations, changes in, or in the U.S. Government's interpretation of, federal export contractor procurement rules and regulations, market acceptance of the Company's products, shortages in components, production delays or unanticipated expenses due to performance quality issues with outsourced components, inability to fully realize the expected benefits from acquisitions and restructurings or delays in realizing such benefits, challenges in integrating acquired businesses and achieving anticipated synergies, increases in interest rates, changes to cyber-security regulations and requirements, changes in tax rates or tax regulations, changes to generally accepted accounting principles, difficulties in retaining key employees and customers, unanticipated costs under fixed-price service and system integration engagements, and various other factors beyond our control. These risks and uncertainties also include such additional risk factors as are discussed in the Company's filings with the U.S. Securities and Exchange Commission, including its Annual Report on Form 10-K for the fiscal year ended June 30, 2018. The Company cautions readers not to place undue reliance upon any such forward-looking statements, which speak only as of the date made. The Company undertakes no obligation to update any forward-looking statement to reflect events or circumstances after the date on which such statement is made.
