

Mercury Systems Receives Best-In-Class Defence and Space Award from Airbus

June 18, 2019

Company recognized for 100% quality and on-time performance

ANDOVER, Mass., June 18, 2019 (GLOBE NEWSWIRE) -- Mercury Systems, Inc. (NASDAQ: MRCY, www.mrcy.com) announced that it received the Best-In-Class Supplier Award in Equipment & Systems from Airbus at its 5th Defence and Space Supplier Conference. The award recognized the top Defence and Space performers who support Airbus' long-term business relationships. Mercury was selected from among the entire supply chain of more than 10,000 suppliers.

Mercury's receipt of Airbus' Best-in-Class Supplier award at Airbus' 5th Defence and Space Supplier Conference. Pictured from left to right, Alberto Badaya, Head of Equipment and Systems, Airbus Defence and Space; Herve Garchette, Sr. Director of Business Development, Mercury's Mission Systems International group; and Barbara Bergmeier, Head of Operations, Airbus Defence and Space.

"We are honored to receive this esteemed award from Airbus in recognition of Mercury's unwavering commitment to excellence across every facet of our business," said Ike Song, VP of Mercury's Mission Systems Group. "Companies like Airbus count on Mercury's next-generation business model to deliver high quality, innovative solutions that help them meet their business commitments and further their leadership in the global market."

The Best Performance award in Equipment & Systems was presented to Mercury Systems for having achieved a 100% score on their on-quality and on-time performance, as well as overall responsiveness, supporting specifically the C295. Airbus is a global leader in aeronautics, space and related services.

Forward-Looking Safe Harbor Statement

This press release contains certain forward-looking statements, as that term is defined in the Private Securities Litigation Reform Act of 1995, including those relating to the products and services described herein and to fiscal 2019 business performance and beyond and the Company's plans for growth and improvement in profitability and cash flow. You can identify these statements by the use of the words "may," "will," "could," "should," "would," "plans," "expects," "anticipates," "continue," "estimate," "project," "intend," "likely," "forecast," "probable," "potential," and similar expressions. These forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those projected or anticipated. Such risks and uncertainties include, but are not limited to, continued funding of defense programs, the timing and amounts of such funding, general economic and business conditions, including unforeseen weakness in the Company's markets, effects of any U.S. Federal government shutdown or extended continuing resolution, effects of continued geopolitical unrest and regional conflicts, competition, changes in technology and methods of marketing, delays in completing engineering and manufacturing programs, changes in customer order patterns, changes in product mix, continued success in technological advances and delivering technological innovations, changes in, or in the U.S. Government's interpretation of, federal export control or procurement rules and regulations, market acceptance of the Company's products, shortages in components, production delays or unanticipated expenses due to performance quality issues with outsourced components, inability to fully realize the expected benefits from acquisitions and restructurings, or delays in realizing such benefits, challenges in integrating acquired businesses and achieving anticipated synergies, increases in interest rates, changes to cyber-security regulations and requirements, changes in tax rates or tax regulations, changes to

interest rate swaps or other cash flow hedging arrangements, changes to generally accepted accounting principles, difficulties in retaining key employees and customers, unanticipated costs under fixed-price service and system integration engagements, and various other factors beyond our control. These risks and uncertainties also include such additional risk factors as are discussed in the Company's filings with the U.S. Securities and Exchange Commission, including its Annual Report on Form 10-K for the fiscal year ended June 30, 2018. The Company cautions readers not to place undue reliance upon any such forward-looking statements, which speak only as of the date made. The Company undertakes no obligation to update any forward-looking statement to reflect events or circumstances after the date on which such statement is made.
