Mercury Systems Named to Fortune Magazine’s List of 100 Fastest-Growing Companies

October 29, 2020

Achieves #50 ranking, highest-ranked Aerospace and Defense company named to list

ANDOVER, Mass., Oct. 29, 2020 (GLOBE NEWSWIRE) -- Mercury Systems Inc. (NASDAQ: MRCY, www.mrcy.com), a leader in trusted, secure mission-critical technologies for aerospace and defense, announced that it has been named to Fortune magazine’s 2020 List of 100 Fastest-Growing Companies. The annual Fortune list ranks public companies with market capitalization of $250 million or more, based on revenue growth rate, EPS growth rate and three-year annualized total return. Mercury achieved a ranking of #50 on the list and was the highest-ranked aerospace and defense company included.

“We’re honored to be named as one of Fortune’s 100 Fastest Growing Companies,” said Mark Aslett, Mercury’s President and Chief Executive Officer. “In a year beset by challenges brought on by the COVID-19 pandemic, the people of Mercury know that when the stakes are highest, nothing can be compromised. I couldn’t be more proud of how our team has acted with urgency and care to envision, create and deliver innovative technology solutions critical to a safe and secure world.”

Other companies on the list include Alphabet, Amazon and Netflix. More information on the list is available in the October 2020 issue of Fortune and on its website.

Operating at the intersection of high-tech and defense, Mercury Systems is the leader in making trusted, secure mission-critical technologies profoundly more accessible. Our work is inspired by our Purpose of delivering Innovation That Matters by and for People Who Matter, to make the world a safer, more secure place for all. Forward-Looking Safe Harbor Statement

This press release contains certain forward-looking statements, as that term is defined in the Private Securities Litigation Reform Act of 1995, including those relating to the acquisitions described herein and to fiscal 2021 business performance and beyond and the Company’s plans for growth and improvement in profitability and cash flow. You can identify these statements by the use of the words “may,” “will,” “could,” “should,” “would,” “plans,” “expects,” “anticipates,” “continue,” “estimate,” “project,” “intend,” “likely,” “forecast,” “probable,” “potential,” and similar expressions. These forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those projected or anticipated. Such risks and uncertainties include, but are not limited to, continued funding of defense programs, the timing and amounts of such funding, general economic and business conditions, including unforeseen weakness in the Company’s markets, effects of epidemics and pandemics such as COVID, effects of any U.S. federal government shutdown or extended continuing resolution, effects of continued geopolitical unrest and regional conflicts, competition, changes in technology and methods of marketing, delays in completing engineering and manufacturing programs, changes in customer order patterns, changes in product mix, continued success in technological advances and delivering technological innovations, changes in, or in the U.S. Government’s interpretation of, federal export control or procurement rules and regulations, market acceptance of the Company’s products, shortages in components, production delays or unanticipated expenses due to performance quality issues with outsourced components, inability to fully realize the expected benefits from acquisitions and restructurings, or delays in realizing such benefits, challenges in integrating acquired businesses and achieving anticipated synergies, increases in interest rates, changes to industrial security and cyber-security regulations and requirements, changes in tax rates or tax regulations, changes to interest rate swaps or other cash flow hedging arrangements, changes to generally accepted accounting principles, difficulties in retaining key employees and customers, unanticipated costs under fixed-price service and system integration engagements, and various other factors beyond our control. These risks and uncertainties also include such additional risk factors as are discussed in the Company’s filings with the U.S. Securities and Exchange Commission, including its Annual Report on Form 10-K for the fiscal year ended July 3, 2020. The Company cautions readers not to place undue reliance upon any such forward-looking statements, which speak only as of the date made. The Company undertakes no obligation to update any forward-looking statement to reflect events or circumstances after the date on which such statement is made.
