

## Mercury Systems recognized by Lockheed Martin for outstanding performance

August 10, 2021

ANDOVER, Mass., Aug. 10, 2021 (GLOBE NEWSWIRE) -- Mercury Systems, Inc. (NASDAQ: MRCY, [www.mrcy.com](http://www.mrcy.com)), a leader in trusted, secure mission-critical technologies for aerospace and defense, announced that its Torrance, Calif. facility was recognized by Lockheed Martin Rotary and Mission Systems (RMS) for its exemplary contributions to delivering advanced products and services in 2020. The RMS Elite Supplier award for providing outstanding quality and delivery is a culmination of the Torrance team's hard work and dedication to customer satisfaction over the past five years.

"We're honored and proud to be recognized by Lockheed Martin for our performance throughout 2020 with this prestigious award," said Jay Abendroth, vice president and general manager, Mercury Mission. "Lockheed Martin has been a valuable longstanding partner and we look forward to continuing to deliver technology solutions purpose-built for their exacting standards."

Mercury's Torrance team (formerly Physical Optics Corporation) has been an integral Lockheed Martin supplier for many years, supporting its Combat Rescue Helicopter (CRH) program. The work with Sikorsky dates to 2011 when the facility supplied the first FAA-certified video recording system with crash survivable memory for the S76 helicopter.

"During a year of unprecedented change, our suppliers' commitment to quality and timeliness enabled us to deliver leading technologies for our customers," said Abby Lilly, vice president of Global Supply Chain at Lockheed Martin Rotary and Mission Systems. "When the pandemic disrupted our typical operations, our suppliers quickly responded by adapting and maintaining their commitment to quality. These continued efforts ensure our customers have the most innovative solutions to execute their critical national security and defense missions."

Mercury envisions, creates, and delivers innovative technology solutions purpose-built to meet its customers most pressing high-tech needs. For more information, visit [mrcy.com](http://mrcy.com) or contact Mercury at (866) 627-6951 or [info@mrcy.com](mailto:info@mrcy.com).

### Mercury Systems – Innovation That Matters®

Mercury Systems is a global commercial technology company serving the aerospace and defense industry. Headquartered in Andover, Mass., the company delivers trusted, secure open architecture processing solutions powering a broad range of mission-critical applications in the most challenging and demanding environments. Inspired by its purpose of delivering Innovation that Matters, By and For People Who Matter, Mercury helps make the world a safer, more secure place for all. ### Forward-Looking Safe Harbor Statement

This press release contains certain forward-looking statements, as that term is defined in the Private Securities Litigation Reform Act of 1995, including those relating to the products and services described herein and to fiscal 2021 business performance and beyond and the Company's plans for growth and improvement in profitability and cash flow. You can identify these statements by the use of the words "may," "will," "could," "should," "would," "plans," "expects," "anticipates," "continue," "estimate," "project," "intend," "likely," "forecast," "probable," "potential," and similar expressions. These forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those projected or anticipated. Such risks and uncertainties include, but are not limited to, continued funding of defense programs, the timing and amounts of such funding, general economic and business conditions, including unforeseen weakness in the Company's markets, effects of epidemics and pandemics such as COVID, effects of any U.S. federal government shutdown or extended continuing resolution, effects of continued geopolitical unrest and regional conflicts, competition, changes in technology and methods of marketing, delays in completing engineering and manufacturing programs, changes in customer order patterns, changes in product mix, continued success in technological advances and delivering technological innovations, changes in, or in the U.S. Government's interpretation of, federal export control or procurement rules and regulations, changes in, or in the interpretation or enforcement of environmental rules and regulations, market acceptance of the Company's products, shortages in components, production delays or unanticipated expenses due to performance quality issues with outsourced components, inability to fully realize the expected benefits from acquisitions, restructurings and value creation initiatives such as 1MPACT, or delays in realizing such benefits, challenges in integrating acquired businesses and achieving anticipated synergies, increases in interest rates, changes to industrial security and cybersecurity regulations and requirements, changes in tax rates or tax regulations, changes to interest rate swaps or other cash flow hedging arrangements, changes to generally accepted accounting principles, difficulties in retaining key employees and customers, unanticipated costs under fixed-price service and system integration engagements, and various other factors beyond our control. These risks and uncertainties also include such additional risk factors as are discussed in the Company's filings with the U.S. Securities and Exchange Commission, including its Annual Report on Form 10-K for the fiscal year ended July 3, 2020. The Company cautions readers not to place undue reliance upon any such forward-looking statements, which speak only as of the date made. The Company undertakes no obligation to update any forward-looking statement to reflect events or circumstances after the date on which such statement is made.
