Mercury Computer Systems to Present at the Sidoti and Company 16th Annual Emerging Growth Institutional Investor Forum

CHELMSFORD, Mass., March 1, 2012 (GLOBE NEWSWIRE) -- Mercury Computer Systems, Inc., (Nasdaq:MRCY) (www.mc.com), a trusted provider of commercially developed application-ready ISR and EW subsystems for defense prime contractors, announced that it will participate in the Sidoti and Company 16th Annual Emerging Growth Institutional Investor Forum to be held March 20, 2012, at the Grand Hyatt Hotel in New York City. Management will present an overview of the Company's business on Tuesday, March 20th, at 11:20 am EDT.

Mercury Computer Systems, Inc. – Where Challenges Drive Innovation®

Mercury Computer Systems (www.mc.com) (Nasdaq:MRCY) is a best-of-breed provider of open, commercially developed, application-ready, multi-INT subsystems for defense prime contractors. With over 30 years of experience in embedded computing, superior domain expertise in radar, EW, EO/IR, C4I, and sonar applications, and more than 300 successful program deployments including Aegis, Global Hawk, and Predator, Mercury's Services and Systems Integration team leads the industry in partnering with customers to design and integrate system-level solutions that minimize program risk, maximize application portability, and accelerate customers' time to market.

Mercury is based in Chelmsford, Massachusetts, and serves customers worldwide through a broad network of direct sales offices, subsidiaries, and distributors.
