Mercury Computer Systems to Present at the Jefferies 2012 Global Industrial and A&D Conference

CHELMSFORD, Mass., July 26, 2012 (GLOBE NEWSWIRE) -- Mercury Computer Systems, Inc., (Nasdaq:MRCY) (www.mc.com), a trusted provider of commercially developed application-ready ISR and EW subsystems for defense prime contractors, announced that it will participate in the Jefferies 2012 Global Industrial and A&D Conference to be held on August 7-9, 2012. Management will present an overview of the Company's business on Tuesday, August 7th, at 11:30 am EDT.

An audio webcast and archive of the event will be available beginning on Tuesday, August 7th, simultaneous with the Company's presentation, through the Company's website at mc.com/investor under "Financial Events." A replay of the webcast will be archived for three months on the Company's website under "Financial Events."

Mercury Computer Systems, Inc. – Where Challenges Drive Innovation®

Mercury Computer Systems (www.mc.com) (Nasdaq:MRCY) is a best-of-breed provider of open, commercially developed, application-ready, multi-INT subsystems for defense prime contractors. With over 30 years of experience in embedded computing, superior domain expertise in radar, EW, EO/IR, C4I and sonar applications, and more than 300 successful program deployments including Aegis, Global Hawk and Predator, Mercury's Services and Systems Integration (SSI) team leads the industry in partnering with customers to design and integrate system-level solutions that minimize program risk, maximize application portability, and accelerate customers' time to market.

Mercury is based in Chelmsford, Massachusetts, and serves customers worldwide through a broad network of direct sales offices, subsidiaries, and distributors.
